

## Contacting Your Elected Officials

---

The best and most awesome way to both find and contact your president, U.S. senators, U.S. congressional representative, OR your state and county officials is to use [US.gov](http://US.gov). It lets you choose who you want to contact, then provides you with a phone number and email. From the pages that it brings you, you can send an email immediately (so think before you speak, Cher).

That said, below are contact information for many of our elected officials:
